Date: Tuesday, October 18, 2011

Triangle Business Journal on Tuesday unveiled its 2011 Fast 50 Awards list of the 50 fastest-growing private companies in the Raleigh-Durham area.

The companies are listed below in alphabetical order. The rankings won't be revealed until the Fast 50 Awards dinner on Tuesday, Nov. 15 at the Sheraton Imperial Hotel & Convention Center in Durham. TBJ will hand out the awards starting with the No. 50 company and working all the way to No. 1.

Profiles of the honorees will be featured in a Fast 50 Awards special section in the Nov. 18 issue of Triangle Business Journal.

The Fast 50 winners were selected and ranked based on a formula that counts revenue growth and profitability in the preceding three years (2008-2010). The numbers are crunched and analyzed by PricewaterhouseCoopers, a Fast 50 partner for almost a decade.
